Paterna, 46980; Spain. (+34)693012381 — vanhramirez@gmail.com https://www.linkedin.com/in/harr/ & https://hectoramirez.github.io
Nationality	Mexican — Current residence: Spain
Brief summary	I have published 8 refereed scientific articles on data analyses and mathematical modeling regarding the early-universe cosmology. All these publications were the result of individual specific projects, some of which were led by myself and in collaboration with people from the US, Japan, Italy, Germany and Spain. Furthermore, I have been a visiting researcher in important institutes in Italy, Chicago, Tokyo and the UK, where I collaborated with local people, gave talks and seminars (18 so far), led weekly meetings and contributed to outreach activities. Additionally, I have taught university-level courses during the last four years and served as a referee for scientific journals.
