# Héctor Ramírez, Ph.D.

## Data Scientist | Theoretical Physicist

**Brief résumé:** I recently earned my PhD in Physics where I specialized in experimental data analysis and mathematical modeling. I led several long-term projects in collaboration with colleagues from several institutions in different countries. The results of which I have presented as a speaker in multiple international seminars and conferences. Moreover, I have been improving my data analysis techniques with numerous courses on Data Engineering, Data Science and Machine Learning. To mention some skills: SQL, Big Data with PySpark, Supervised and Unsupervised Learning with scikit-learn, Deep Learning with Keras and TensorFlow, Cloud Computing with AWS, Natural Language Processing, etc.
